All Members of the Club are invited to present copies of their published works, or any other useful publications, more especially books of reference, for the purpose of forming a Library.

RULES AND REGULATIONS.

THE ATHENÆUM is instituted for the association of individuals known for their Scientific or Literary attainments, Artists of eminence in any class of the Fine Arts, and Noblemen and Gentlemen distinguished as liberal Patrons of Science, Literature, or the Arts.

I.—The number of ordinary Members is fixed at Twelve Hundred.

II.—It being essential to the maintenance of the Athenæum, in conformity with the principles upon which it was originally founded, that the annual introduction of a certain number of persons of distinguished eminence in Science, Literature, or the Arts, should be secured, a limited number of persons of such qualifications shall be elected by the Committee. The number so elected shall not exceed Nine in each year. The elections shall take place

Election by Committee.

during the months of January, February, March, and April. The Committee shall be specially summoned for the purpose, at least one week before the intended Election; no Election shall take place unless Nine at the least of the Committee be actually present, and the whole of those present unanimous in their Election. Not more than one-third of the total number of persons to be thus admitted within the year shall be elected at any one Meeting. The Club intrust this privilege to the Committee, in the entire confidence that they will only elect persons who shall have attained to distinguished eminence in Science, Literature, or the Arts. The Names of Members so elected are to be immediately hung up in the public rooms.

Election by Ballot.

III.—Each Candidate for admission must be proposed by one Member, and seconded by another, and the Candidate's names and usual place of residence, his rank (if in the Navy or Army), his profession, occupation, or other description, shall be inserted, at the time of proposition, in the Book of Candidates. The names of the Proposer and Seconder must be in their own hand-writing, that of the Proposer to be annexed at the time of proposal, and the Seconder's a week before the name can be put up for Ballot.

The name of no individual shall be inserted in the Book of Candidates until he shall have attained

the age of eighteen, nor be suspended for Ballot until he shall have attained the age of twenty-one.

The Ballot (when there are vacancies) shall take place between the hours of Nine and Eleven o'clock P.M., on every Monday during the Months of

February, March, April,
May, June, July.

No Ballot shall be valid unless Twenty Members actually ballot; one black ball in ten shall exclude; and not more than Ten Candidates shall be balloted for on one day.—A List, containing the names, together with those of the Proposer and Seconder, and the other before-mentioned particulars, must be put up in one of the public rooms, at least a week before the day of Ballot, dated and signed by the Secretary, who shall in every case, before any Candidate's name shall be inserted in such List, write to his Proposer or Seconder, requesting to be informed, at least one month before the day of Ballot, whether any alteration may have taken place in the residence, profession, occupation, or other description of the Candidate, since his name was inserted in the Proposing Book, and such Candidate's name shall not be put up for Ballot until these regulations shall have been complied with.

Notification of Election.

IV.—On the admission of each new Member, the Secretary shall notify the same to him (in duplicate if abroad), and shall furnish him with a

Copy of the Rules: he shall also request him to remit to the Bankers of the Club an order for the amount of his Entrance-Fee and Subscription.

V.—As the payment of these sums will entitle a Member to enjoy every benefit of the Club, so it is to be considered as distinctly implying his acquiescence in the Rules of an Institution to which he thus voluntarily attaches himself, as well as his submission to the restrictions they enjoin, and to the penalties they enact.

Entrance and Subscription.

VI.—The Entrance-Money on admission shall be of such amount as the Committee may from time to time determine. Any alteration of the Annual Subcription must receive the sanction of a General Meeting. All Subscriptions shall be payable on the 1st of January in each year.

Members not qualified to vote.

VII.—No Member shall be admitted to ballot for a Candidate, or to vote on any occasion whatever, or to enjoy any of the privileges of the Club, until he shall have paid his Entrance-Money and Annual Subscription.

VIII.—From and after the 1st day of February in each year, no Member of the Club can be allowed to vote at a Ballot, or to act as Member of the Committee, until he shall have paid his Subscription for the current year.

IX.—If a new Member shall not pay his Entrance-Fee and First Year's Subscription-Money, within Three Months from the day of his admission to the Club if he be in the United Kingdom, or within Twelve Months if abroad, the Secretary shall report accordingly to the Committee, who shall cause his name to be erased from the List of Members, unless he can justify the delay to the satisfaction of the Committee.

X.—The name of every Member failing to pay his Annual Subscription due on the 1st of January, shall be hung up in the public rooms on the 1st of February; notice of which shall be sent to him, or to his Banker or Agent, by the Secretary: and if the Subscription be not paid on or before the 31st of March ensuing, *the Defaulter shall cease to be a Member of the Club, and his name shall be erased by the Committee from the Books accordingly.* Where any Member has not used the Club between the 1st of January and 31st of March, he shall be subject only to removal; but where a Member has so used the Club, he shall be liable to pay the Subscription for the current year.

Members Abroad becoming Supernumerary.

XI.—Any Member who may be absent from England during the whole period within which the Annual Subscription is payable, may be considered as a *Supernumerary Member*, and be exempted from

the Subscription during the continuance of such absence. Upon his communicating in writing to the Secretary his return to England, *and upon paying his Subscription for the current Year*, he shall be admitted, *without Ballot*, to all the privileges of the Club, until a vacancy occurs for his re-admission to the general List, when he is to be replaced by the Committee. The Name of every Member availing himself of the above-mentioned indulgence must be entered in the "Book of Supernumerary Members;" and if his wish to rejoin the Club be not expressed to the Secretary within Three Months after his coming to England, he shall no longer be considered a Member thereof. The vacancy of a Member so becoming Supernumerary shall be filled up forthwith.

Eligible without Ballot.

XII.—The Committee shall have power to elect from time to time, without Ballot, any Princes of the Blood Royal, Cabinet Ministers, Bishops, Speaker of the House of Commons, and Judges, to be Members of the Club, over and above the complement of ordinary Members, but subject to the same regulations.

Honorary Members.

XIII.—Foreign Ambassadors and Ministers Plenipotentiary, Foreign Members of the Royal Society, and such other Foreigners of distinction for Science, Literature, or the Arts (not exceeding ten of the latter at one time), as the Committee may deem it

advisable to name, may be invited to become Honorary Members (without Admission-Fee or Subscription) during their temporary residence in England. No such nomination to take effect, unless Six Members at least of the Committee shall be present and concur therein. No Foreigner permanently resident in England can be admitted under this clause.

Powers of Trustees.

XIV.—There shall be five Trustees, in whom the pecuniary concerns of the Club shall be vested, and who shall have the power to adopt such measures, by making insurances, investing money, or otherwise dealing with the income and expenditure, as may appear to them necessary for the interest of the Club at large, whose representatives they shall be in all pecuniary concerns; and the signature of at least one of the Trustees shall be necessary to sanction any payment.

Description of Trustees.

XV.—The Trustees shall be, or shall have been at the time of Election, the Presidents of the Royal Society, the Society of Antiquaries, and the Royal Academy, together with two Members of the Club to be elected by the Committee; and, when not previously elected to the Committee of Management, they are to be considered as additional and permanent Members thereof. If any of the said Presidents shall not be Members of the Athenæum at the time that an official Trusteeship should by the foregoing

law devolve upon such President, the Committee shall have power to elect such President to be a Member of the Club; but if such President should decline being a Trustee or Member of the Club, the Committee shall elect one of the Members of the Club who may be willing to accept the trust. Though Trustees, when once elected, continue to be Trustees as long as they are liable to any legal pecuniary responsibility; and, in the case of the official Trustees, even although they should cease to hold the office in right of which they were elected; yet any Trustee shall be at liberty to resign that office, and shall be discharged from all future pecuniary responsibility as Trustee, from the time he shall signify (in writing) his intention so to resign; and whenever any Trustee, who may have become Trustee by having held one of the Presidencies, shall cease to be a Trustee, the person holding such Presidency for the time being shall be elected into such vacancy, under the foregoing regulations.

Power of Committee.

XVI.—The general concerns of the Club shall be managed by a Committee consisting of twenty-four Members, exclusive of the Trustees, eight of whom shall be elected annually, at the Annual Meeting; and they are to make such Regulations (consistent with these General Rules) as they shall from time to time think necessary to the well-being of the Club; and their regulations and decision shall be considered

as binding, unless set aside at a general meeting of the Club, to be assembled as hereinafter directed.

XVII.—The Committee shall select, at some Weekly Meeting previous to the Second Monday in May, Eight Members of their body, who are to go out, and shall nominate Eight other Members to fill up the vacancies; and the names of those who go out, as well as those who are proposed to supply their places, shall be hung up in one of the public rooms fourteen days before the Annual General Meeting. They shall recommend these to the Annual General Meeting, at which every person present shall be furnished with a printed list of the names proposed, and shall vote by Ballot; but such General Meeting shall have the unrestrained power to elect any Eight Members of the Club at large, to serve on the Committee, that may be eligible. No Member (except the Trustee) can remain upon the Committee more than three successive years, or be eligible to serve again until after the laspe of one year. Appointment of Committee.

XVIII.—In the event of any vacancies occurring in the Committee, after the Annual Election on the Second Monday in May, the Committee itself shall have the power of filling them up. Vacancies in Committee.

XIX.—The Committee shall, if possible, hold an Ordinary Meeting, on Tuesday in every week, or Meetiogs of Committee.

oftener if necessary, at One o'clock, to transact current business, to audit the Accounts, and to confirm the proceedings of the foregoing week. Three of the Committee shall form a quorum on the days of Meeting.

Annual Meeting.

XX.—There shall be held an Annual General Meeting of the Club, on the Second Monday in May, for the purpose of electing one-third of the Committee for the succeeding year, and receiving a *Report* and *Abstract* of the state of the Accounts and general concerns of the Club for the Past Year from the Committee; together with an *Estimate* of the *Receipts* and *Disbursements* of the Current Year (which *Report* and *Estimate* shall be immediately printed for the use of the Members); and for receiving propositions for any new Rule, or alteration of any existing Rule of the Club. But no alteration of the Rules or Regulations of the Club shall take place unless upon a proposal in writing signed by two Members, which shall be sent to the Committee one month, and be hung up in one of the public rooms a fortnight, before the General Meeting, and be printed and added to the Report. If any such new Rule or alteration shall be proposed and passed at such Meeting, a second Meeting shall be held on that day fortnight, for the sole purpose of ratifying or regulating any propositions which may have been voted on the Second Monday in May, except the choice of the Com-

mittee, which shall be final on the first election. The *Annual Abstract* and *Estimate* are to be laid on the Tables of the Club a fortnight before the General Meeting.

XXI.—If, at any other time, it shall appear expedient to adopt any new Rule, or to alter any old one, or to make any other proposition which may appear to require the sanction of a General Meeting, the Committee may call an Extraordinary General Meeting, on giving fourteen days' notice, *specifying, in the form of a Resolution, the object intended to be submitted, and the discussion shall be confined to that object only.* The Committee shall also call an Extraordinary General Meeting on the written requisition of Thirty Members, not being of the Committee, under restrictions similar to the preceding; but no question shall be discussed, and no proposition voted, which shall not have been distinctly stated in the requisition for the General Meeting. In case the proposition to be discussed should be connected with the conduct of any Member, a Ballot shall take place as to the result; but if that result should tend to the expulsion of the party, two-thirds of a meeting of at least Sixty Members must concur therein. **Extraordinary General Meeting.**

XXII.—All notices of Extraordinary General Meetings, issued by the Committee, in virtue of the preceding Rule, must be signed by ten of its Mem- **Notices of Extraordinary Meetings.**

bers, and be posted up in one of the public rooms of the Club for at least fourteen days previous to the day of meeting.

XXIII.—No proposition shall ever be adopted without the sanction of a majority consisting of two-thirds of the Extraordinary General Meeting, composed of at least Sixty Members.

XXIV.—No subject, except what relates to the management of the concerns of the Club, shall ever be proposed or brought forward for discussion at any Annual or General Meeting. The chair shall be taken at all Meetings at One o'clock precisely.

XXV.—The Club-house *must* be open every day for the reception of Members, at Nine o'clock in the forenoon, and be shut up at One o'clock A.M., after which hour no Member shall be admitted. Such Members, however, as may then happen to be actually within the house, are not to be restricted or influenced with respect to their departure by this Rule.

XXVI.—No Member shall, on any pretence or in any manner whatsoever, receive any Profit, Salary, or Emolument, from the Funds or transactions of the Club, under the penalty of expulsion.

XXVII.—No Member shall give any money or

gratuity to any of the Servants of the Establishment.

XXVIII.—No Provisions cooked in the Club-house, or Wines or other Liquors, are to be sent out of the House, *on any pretence whatsoever.*

XXIX.—Any defect in a Breakfast or Dinner, complained of on the back of the Bill, and *signed* by the Member so complaining, must be especially noticed by the Committee, on settling the Weekly Accounts. And any inattention or improper conduct of a Servant is to be stated by *letter*, and *signed* by the Member complaining, which *letter*, being put into the Secretary's box, *must* be laid before the Committee at their *next* Weekly Meeting.

XXX.—All Members are to pay their Bills for every expense they incur in the Club, *before they leave the House;* the Steward having positive orders not to open accounts with any individual.

XXXI.—No Member shall take, or permit to be taken away, from the Club, upon any pretence whatever, or shall injure or destroy, any Newspaper, Pamphlet, Book, or other Article the property of the Institution.

XXXII.—No game of Hazard shall on any ac-

count be ever played, nor shall Dice be used in the Club-house.

XXXIII.—No higher stake than Half-guinea Points shall be ever played for.

XXXIV.—Any deviation from the three last-mentioned Rules shall, on satisfactory proof before the Committee, be attended with immediate expulsion.

XXXV.—No Member shall, on any account, bring a Dog into the Club-house.

XXXVI.—Any infraction of the Rules and Regulations of the Club shall be taken immediate cognizance of by the Committee.

XXXVII.—All expulsions for breach of any of these Rules shall be the act of the Committee, at which, however, not less than Thirteen Members shall, on every such occasion, be present, and the Majority shall concur therein.

XXXVIII.—Any Member so expelled, whether by the Committee or a General Meeting, shall forfeit, *ipso facto*, all right to, or claim upon, the Club, or its property or funds, and shall cease to be a Member, without appeal.

XXXIX.—Each Member of the Club shall communicate his address, *or that of his Banker or Agent*, from time to time, to the Secretary; and all Notices, being sent to such address, shall be considered as duly delivered.

XL.—These Rules and Regulations shall be printed, and a Copy of them, together with a list of the Committee, shall be delivered to every Member of the Club, or transmitted to his address; but no Member shall be absolved from the effect of these Rules, on any allegation of not having received them.

REPORT OF THE COMMITTEE,

9th May, 1842.

The financial Statement of the Athenæum for the last year presents no material variation from that of the preceding year, with the exception of the excess of £200 18*s*. 2*d*. in the amount taken from the Receipts of 1842, to pay the balances of 1841. This has been chiefly occasioned by the increased outlay, on account of length of service, under the head of Wages and Salaries. A small excess of Expenditure will also appear in the last year's account for gas, and other articles; on the other hand, the difference between the Expenditure for Provisions and Board of Servants, is £100 less.

The Club is aware, from the Report presented in April 1841, that the attention of the Committee had then been called to the injured state of the binding of the Books throughout the rooms. The measures commenced with a view to correct this evil have been carried through; and with the assistance and advice of the Members of the Club mentioned in the former Report, the Committee (besides more strictly enforcing the regulations already in existence respecting Ventilation), have found it necessary, in order to reduce the heat of the air in the rooms when lighted up, to restrict the number of burners; this, they have reason to believe, has added to the comfort of Members generally;

whilst special arrangements have been adopted for the convenience of readers, by an additional supply of wax candles when required. An apparatus also for introducing moisture into the rooms, at a small expense, will, it is hoped, answer all the purposes proposed, by improving the air, and by checking one supposed cause of injury to the binding of the books.

The Committee have likewise adopted, since the commencement of the present year, and under the direction and sanction of the same gentlemen, the new system of napthalizing the gas used for lighting the rooms, an operation which is calculated to diminish the heat evolved from each burner, and thus to remove still more effectually the principal disadvantage attendant upon internal illumination with gas.

The Library continues to receive very valuable additions from the liberality of the Members, and, amongst the purchases made by the Committee under this head, the following may be enumerated as the most deserving of notice :—

Description de l'Égypte, ou Recueil des Observations et des Recherches qui ont été faites en Egypte pendant l'Expédition de l'Armée Française, publié par ordre du Gouvernement. Papier Velin.
